

# Bristol Hip Meeting

Optimal Bearing Surfaces – MoM Wear and Corrosion and Modern Technology Solutions

**1-2 December 2011**

Bristol Marriott Hotel City Centre

An international symposium for hip surgeons to debate the challenges of the future in design, outcomes, bearing surfaces, primary hip replacement and revision options.

In association with:

Supported by:

**bhac**

BRISTOL HIP ARTHROPLASTY COURSE

[www.bristolhip.org](http://www.bristolhip.org)

## Who should attend?

- **Specialist Hip Surgeons** to debate current issues.
- **Orthopaedic Surgeons** to assess current practice for those who have an interest in hip surgery.
- **Specialist Registrars** who wish to gain further knowledge of hip surgery and gain updates in new developments.

## Facilities

This years Bristol Hip Arthroplasty Course is being held at a new venue, The Bristol Marriott Hotel City Centre. Located in the main business and shopping area, there is ample parking next door to the venue and the hotel is only a short taxi ride from Bristol Temple Meads Station. Both the conference and the course dinner will take place in the hotel, providing the perfect opportunity

to network over 2 days. The conference will take place in the Rome Suite with a large adjacent open plan foyer to allow for breakout, tea, coffee & lunch.

## About the Symposium

The Bristol Hip Arthroplasty Course is a well established international hip meeting which was established by John Newman in the late 1980s. The course has grown in stature and reputation. It is now co-convened by Evert Smith, Anthony Ward and Professor Ashley Blom. The course has a strong international faculty with distinguished speakers from the UK and abroad.

The conference is CME approved and seeks to strive for continued clinical excellence in order to improve our current practice. The course is well known for the debates following each session. The faculty will present their views on outcomes, new procedures, materials, bearing surfaces, design, primary and revision hip replacement and complications and issues valid to a hip practice.

# Bristol Hip Arthroplasty Course 2011

Optimal Bearing Surfaces – MoM Wear and Corrosion and Modern Technology Solutions

## PROVISIONAL PROGRAMME

Thursday 1st December 2011	
Welcome	Evert Smith
Pattern recognition and treatment options in young adult hip pain	Mark Norton
Options for Acetabular Re-orientation	Darren Fern
The influence of acetabular morphology in major trauma	Darren Fern
Online clinical scoring	Dan Williams
DISCUSSION	
COFFEE	
Femoral Revisions	Peter McLardy-Smith
Getting a grip – MoM Revision	Jeremy Latham
What can I do in severe acetabular bone loss? German solutions	Thorsten Gehrke
Bone tumours and the hip surgeon	Duncan Whitwell
DISCUSSION	

Anterior supine approach to the hip	Tom Donaldson
Evolution of hip resurfacing design and contemporary experience with an uncemented femoral component	Bob Spencer
Sex after hip surgery – are patients getting what they want?	Jeremy Latham
Leg length discrepancy after hip replacement	Alun John
Modern constrained liners – Have they addressed previous limitations?	Steve Jones
Multicenter longitudinal densitometric clinical study on periprosthetic and bone remodelling of Trabecular Titanium TM	Leo Massari
Genetic profiling evaluation of the effects of Trabecular Titanium on MG-63 line cells	Leo Massari
LUNCH	
1-stage exchange for the septic hip replacement	Thorsten Gehrke
2-stage exchange for the septic hip replacement	Ian Stockley
Diagnosis and management of peri-prosthetic infections	Peter McLardy-Smith
DISCUSSION	

TEA	
MoM total hip arthroplasty and resurfacing	Bob Spencer
Long term follow up of MoM m2a38 series	Tom Donaldson
The ASR Recall – coping with catastrophe	Steve Jones
MoM – The Oxford Experience	Duncan Whitwell
Findings from North Tees/Newcastle Retrieval Centre on failures of MoM Hips	David Langton
DISCUSSION	
Drinks and Conference Dinner	

7 parts per billion; why 7 and what does it mean in MoM hip patients?	Alister Hart
Investigation and treatment of patients with ARMD	Tony Nargol
Why is the wear damage so consistent on large diameter MoM?	Ian Clarke
<b>FORUM</b> – Duncan Whitwell, Tony Nargol, Tom Donaldson, Ian Clarke, Alun John, Steve Jones, David Langton	
Close	Evert Smith
Lunch	

Programme subject to change

## Friday 2nd December 2011

Is small superior to large MoM	Ian Clarke
Metal ion levels - A useful test?	Alun John
Metal ions: What do they tell us and can they predict failure?	David Langton
When to revise a MoM hip? (interpretation of metal ions, MRI, CT)	Alister Hart
Cup position and size in patients with adverse reaction to metal debris ARMD	Tony Nargol
DISCUSSION	
COFFEE	

# Booking Form

## PERSONAL DETAILS

TITLE  Professor  Mr  Dr  Mrs  Miss  Ms

FIRST NAME

SURNAME

JOB TITLE

HOSPITAL / INSTITUTION NAME

### CATEGORY (PLEASE TICK AS APPROPRIATE)

- Consultant       Physiotherapist  
 SPR/Trainee       Other (please specify)

## CONTACT DETAILS

CORRESPONDENCE ADDRESS
